

Mountain View Apartments

Clean Checks

Wow, your apartments looked great at last month's clean checks! Thank you so much for making my job easier! This month I will be by on Monday, November 14th from 3:15-5:00 pm. Clean checks will be easier if you do your dishes daily, keep your bedrooms habitable, and keep your bathrooms usable. ☺

Managers Challenge:
Make your bed every day
(in the morning)!

For Your Information

Batteries have been replaced in all of the

smoke detectors. New smoke detectors have been installed where they were missing. Each apartment should have three smoke detectors: one in the hallway, and one in each bedroom. If you are missing one, please let me know ASAP.

If you need a parking permit, let me know. They should be displayed on the BACK window, driver's side. Thanks.

Halloween Decoration Winners

I loved seeing the creativity some of you put into decorating for Halloween this year!

Apt 8 1st place
Apt.14 2nd place
Apt 1 Hon.

Mention Thanks to everyone who decorated.

Gwenaley Hardy, Manager
435-201-1650 or 435-283-3188

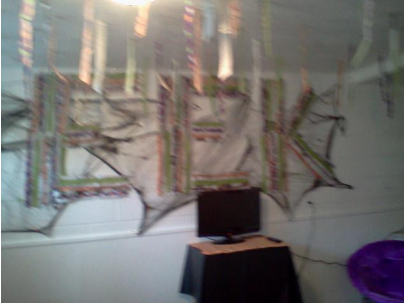

Scarey scene from Apt 8, I'm glad he/she went in first.

Bloody floating fingers (Apt 8)

Spider web on the ceiling and another on the wall with spiders that floated down when you opened the door. Erika was freaked out by them! Ha ha! (Apt 14)

Somebody was scared in this apartment, their scream was left on the wall! (Apt 1)

Apt 8: Taylor, Callie, Lydia and Jessica

Apt 14: Alyssa, Sydnee, Emily and Niccole

Apt 1: Kaci, Kailey, Whitney and Alex

AWESOME JOB GIRLS!

Keeping Warm

Hopefully all of your heaters are working. If they are not, check the batteries, they require 2 AA batteries. If you have problems, please let me know. I hate to be cold and I know many of you do too! The thermostats will need to be put on vacation mode when you leave for Thanksgiving. Let me

know if you need assistance. I will check all of them on the Wednesday before the holiday.

Make sure your **storm windows** are closed. These are the windows closest to the screens (or outside). This will help keep your apartments warm. Both windows should be closed tightly at this point.
