

Mountain View

Clean Checks

Your first cleaning inspections will be Friday, October 7, from 11 AM to 1 PM. Please leave your cleaning checklist on the clean kitchen table. If no one is home I will come in and conduct the clean check. If you have any questions, please let me know, Looking forward to seeing your "cleaned" apartments. I will also be looking for the best decorated apartment for Halloween.

New Lights

We have recently installed new lights in the front of the buildings. We have also fixed broken ones by the laundry room and behind the north building. Please let me

know if these are NOT working. They have sensors and should come on when it gets dark.

Parking Stickers

I have parking stickers for all of you that have cars here at college. These are for the North and South parking lots only. The cars in the parking lots will be checked periodically and towed if they don't have a sticker. You can park in the street without a parking sticker. Only request one if YOU have a car. I will hand them out during clean checks. Let me know if you need one.

Fix it Friday

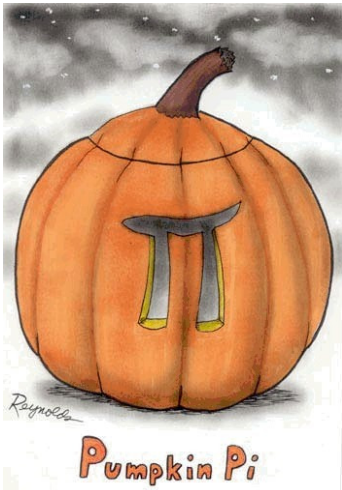

Please let me know if you need something fixed. I have a master list, so if I don't get it done on the Friday after you tell me, I will get it done. (Apt. 13, I am working on getting your tile fixed, be patient, and Apt. 12 too.)

Clean Walkways

I have noticed balloon pieces outside your doors and on the grass. I love balloons, but please take care of the pieces when they POP.

Keep the area in front of your front doors clean. I have purchased a squeegee and will get rid of the water, but I want you to sweep and keep the area clean of debris. This is your front porch, keep it looking nice.

Opening Social

Thanks for coming to the Opening Social. I hope you got enough to eat and had a great time. I am still trying to get coupons that many of you won. I have delivered all but one Little Ceasars coupons. I also need to get the movie ticket winners their tickets. I won't forget, but if I do PLEASE remind me!

Visitors

All overnight visitors must be approved by the management. Please don't ask too often and make sure it is okay with your roommates before you ask me. Thank you to those that have asked for permission. If you don't ask for permission and you get caught, that would be grounds for eviction. It is just easier to ask. Thanks. ☺
