

# Mountain View Apartments

January 2012

## Welcome Back!

I hope you had a wonderful Christmas break! Make sure your heaters and water heaters are working properly. Water heater temperature should be set to medium high. Also, if no one will be in the apartment for a few hours, please turn down the heat a little when you leave to save some electricity.

## Let it SNOW!

Please let it snow so we can make snow angels and play in the snow. (And so we will have water next summer!) If the snow does come, please be careful with your snowball throwing activities. Thanks!

## Considerate Neighbors

Thank you all for being considerate of your neighbors and keeping the noise down after 10 PM. Apparently last year they had a big problem with this and I am grateful that we don't have this problem (at least I haven't heard any complaints). Thanks!

## Laundry Room

Over the break I painted and redecorated the laundry room. (It needs a second coat of paint that I will do in the Spring). Laundry quote contest: I will pay \$5 in coins to the person who sends me the laundry quote I choose to put on the wall. Happy "Laundering".
