

Mountain View Apartments

March 2009

Spring Break!

I always loved Spring Break when I was a student, but I think I loved it even more when I was a teacher. Either way, I hope you all have a fantastic break from school work. Before you leave for the week, will you please make sure that your apartment is clean, all of the windows are shut tightly, and your door is locked.

Clean Checks

Your apartments should be left clean before you leave for break, so clean checks should be a piece of cake this month. (Hint! Hint!) I will be around on Wednesday, March 18th, sometime between 4 and 6 pm. Please use the cleaning checklist and assign each person a section. I need to know who to hold accountable if something is not up to par. Thanks!

Curfew

Unfortunately, there have still been some problems with curfew. I have spoken with a few of you, and there are a few more that are on my watch list, but I hope this warning is enough. Again, I want to remind you that curfew is important because it just isn't fair to your roommates to have your boyfriend/girlfriend there when they are trying to go to sleep!!! Also, it puts the RAs in an awkward situation to have to get after you as well as me when I have to remind you that you can be evicted for this violation. So please, don't break curfew!!!

Staying Next Year?

The apartments are filling up very quickly for next year, but there are still spots available. If any of you are planning on returning, please get in your paperwork as soon as possible. The easiest way is to go to www.mountainviewapartment.com (Note: there is no -s on the end of apartment) and then print and fill out a new application. You can take it to the RAs, Dalen and Telisia, in Wathen Apartment E, or you can mail / bring it to my home at 633 E 70 S here in Ephraim. Hope to see you next year!
