

Mountain View Apartments

October 2009

Welcome Dinner

We hope you're having a smooth start to your school year and having a great time at the apartments. The kick off dinner was a blast and we appreciate all of you who came. It was a lot of fun to get to know you better. Thanks for those of you who did your backwards rain dance. Obviously it worked as the rain waited until we were finished. You guys are a great group of students. Thanks!

Clean Checks

Clean checks will be Thursday, October 15th from 5:30-6:30 pm. As announced at the dinner, I will be judging the apartments to find the best Halloween spirit. The winner will be announced in November's newsletter and will receive a fun prize. But don't despair, I will also be handing out Halloween treats to those apartments that are extra clean. That means I will be checking the microwaves, ovens, and fridges closely.

Swine Flu

The college has asked me to talk to you about swine flu as it pertains to housing. There will no doubt be many students affected with this nasty bug, so if you do get it, the best place to be is home. Also, to help fight it off, please wash your hands often and disinfect your apartments, especially your bathrooms. For those of you who are cleaning challenged, disinfect means using a cleaner that kills germs, like Clorox. I will be hanging up some posters on the bulletin board outside of apt. #12 as well as passing out flyers at clean checks. If you have any questions, just let me know.

The Golden Rule

Unfortunately, experience has taught me that some kids move away from home and just don't use common sense when living with roommates. So let me remind you of some basic rules. **Under no circumstances are you to eat your roommates' food. If you didn't pay for it, it is not yours, and you are not to touch!!!** Also, allowing boyfriends/girlfriends to stay past curfew is a direct violation of your contract and can result in you being evicted. And take my word for it, there aren't many rooms left in this town, so you don't want to go down that road. Therefore, **I have asked the RAs to conduct curfew checks often. Some of you are not answering the door when they are conducting curfew checks, which makes us suspicious, so they have been instructed to use their key and enter.** Consider this a warning. **If you are caught with a person of the opposite gender in your apartment after curfew or in your bedroom at any time, you will face the serious possibility of being evicted!!!** So don't do it!!!

*As much as I tried to make positive living arrangements for everyone, it is impossible to always succeed. As a result, there are a couple of girls who wouldn't mind trying something new, so if you are interested in changing apartments, let me know. I cannot make any promises, but I will see what I can do. Thanks!
